THE VERY BEST NEWS  
AN EYE 100 Feet Wide  
FOOLISH, FOOLISH RUSSIA  
NO MORE FAMILY?

—By Arthur Brisbane—  
(Copyright 1930 By King Features  
Syndicate, Inc.)

There is good news, bad news, dull news, criminal news. The best news tells of improving conditions in many directions. The price of wheat going up, the south is encouraged by good crops, better demand for cotton and tobacco, better prices for oil in the west, accompanied by street celebrations; pronounced industrial upward in New England.

What went up came down, now it is the turn of that which came down to go up again.

The observatory at Mount Wilson will have a telescope with an eye or lens 200 inches wide. Twice as big as any other telescope, this wonderful cosmic eye will carry man's sight into space three times as far as it has ever gone before, revealing new nebulae, new marvels, hundreds of millions of "light years" away.

The eye of man, not the telescope, sees. The telescope only supplies to the human eye a wider pupil. The pupil of your eye, not much bigger than the head of a black pin, is nine feet wide when you look into that new telescope, and, being wider, absorbs more light and penetrates space to a greater depth.

Think of an eye with a pupil nine feet wide. The eye itself would be 100 feet in width, requiring a face as big as the faces of angels that Mohammed saw in paradise. And such an eye science gives to feeble man, feeble physically but not feeble mentally.

The other day the Russian government owed \$6,000,000 to American business men. What do you suppose those Bolsheviks did? They actually paid the money. Paid it in genuine American dollars.

Russia has learned nothing from her neighbors in Europe, not even learned that the correct procedure, when you owe money to the United States, is to send a commission, instead of cash, propose a moratorium, or at least "freeze" your debts.

How can Russia hope to succeed if she cannot adopt businesslike methods?

Solemn gentlemen, including the really learned Bertrand Russell, discuss "abolition of the family, and rearing children by the state."

Russell thinks such a plan would give greater freedom and prevent emotional strain.

He should look on the inside of an incubator when the first egg is hatched "by the state" and watch the little chicken as it emerges and wanders, disconsolate, over the vast expanse of white shells.

What would that chicken give for a real mother to cluck, and spread her war feathers?

How miserable would children be without the mother and father, the mother especially, to give affection that no "state rearing" could ever give.

Drummond in his "ascent of man" says civilization began when the first gorilla sat up all night, club in hand, at the foot of a tree, to protect the baby gorilla in the nest above.

Such civilization as we have is the work of children, influencing the father through the mother.

If Bertrand Russell's idea were

## HIGH GRIDDERS GIVE SERVICES AS CHARITY AID

School Board Approves  
Plan for Benefit  
Tilt on Nov. 11

PROCEEDS WILL  
GO TO RED CROSS

Canton Turns Down Offer;  
Other Schools To  
Be Interviewed

Co-operating with Herbert Hoover's national committee for unemployment relief, members of the Salem board of education Monday night approved plans for a benefit football game, involving Salem High's strong eleven, to be played at Reilly athletic stadium on Armistice day, November 11.

Salem chapter, American Red Cross, without funds to continue its relief work as a result of extensive welfare activities during the summer, will benefit from the contest. All proceeds will be donated to the mercy unit.

### Confer On Final Plans

E. S. Kerr, superintendent, and W. H. Dunn, Red Cross president, were conferring today in arrangement of final plans for the game. The matter was presented to the board by Kerr at request of Dunn who explained the Red Cross' serious need for funds at the present time.

Members of the high school athletic board communicated with H. R. Townsend, Ohio commissioner of interscholastic athletics, in efforts to obtain a suitable contest for the day. Efforts were first made to schedule a game with McKinley High of Canton, victor by a 12-0 score over Salem early in the season, but word was received at the board's meeting from Canton officials that their team will not be able to play.

### Red Cross In Charge

Other schools throughout the district will be approached for a contest today by Principal W. J. Springer and Faculty Manager Harold M. Williams.

The Red Cross will be placed in full charge of arrangements for the contest and will conduct a city-wide ticket sales campaign.

The football game will be arranged as part of an Armistice day program being formed today by Charles H. Carey post No. 6, American Legion, Commander Albert P. Morris stated. A parade and banquet will follow the game.

## 200 MACCABEES AT CONFERENCE

Members from four counties,  
Officers, Guests  
of Salem Hive

P. F. Swartz of Toledo, great recorder, with approximately 200 Maccabee field workers from Youngstown, Canton, Akron and Carrollton, attended a dinner here last night in connection with a conference sponsored by Quaker City tent No. 144, Knights of Maccabees, at the hall, East State st.

C. A. Cherry of Youngstown, district manager, presided at the dinner, served by members of Quaker City hive No. 576, Ladies of the Maccabees.

Approximately 200 Maccabees from tents in the district, composed of Columbiana, Mahoning, Stark and Carroll counties, attended the conference.

At the lodge session Quaker City hive initiated two candidates. This was followed by a program of talks by the visiting officers and other members.

## Missionary Unit To Present Play

Under the auspices of the Women's Missionary society of the Christian church, a play entitled "Color Blind" will be presented Wednesday evening at the church.

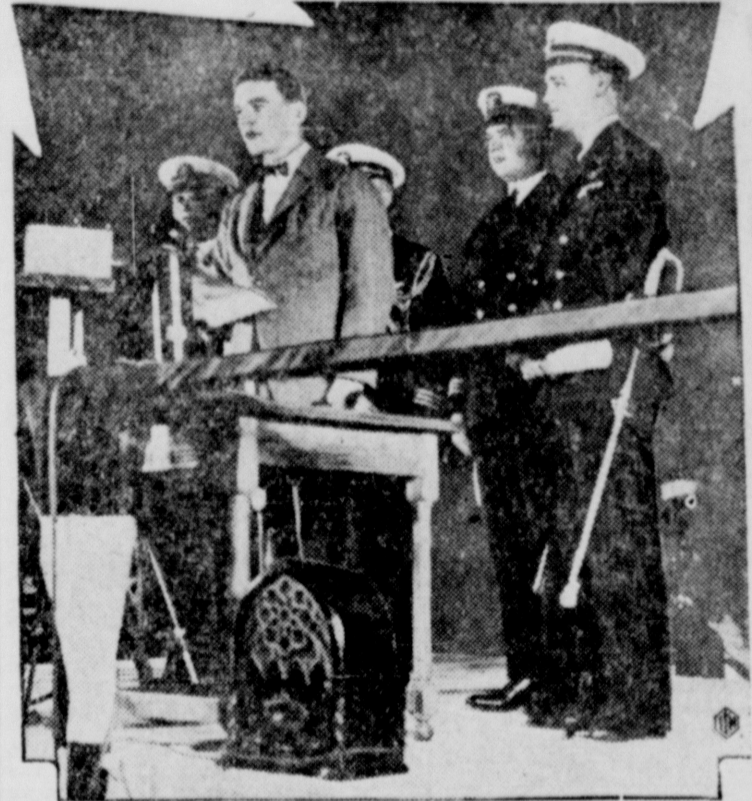

Principal parts in the play will be taken by Misses Margaret Alice Steele, who plays the role of the artist, Anna Mae Painter and Lucille Dickinson. Children of the primary department are in the cast.

The story of the play is woven around an artist who is painting a memorial picture of the church of Jesus and the children. Interesting situations arise as she chooses various types of children to be represented. Finally children of all nations are included in the composite portrait.

The society is presenting this play as a means of creating interest in the world program of the church, and to assist the local organization in its missionary support.

## STUDENT WORK WILL BE SHOWN IN CLASSROOMS

Parents are Asked to Attend Education Week Programs Here

Work of Salem students in the classrooms of grade, junior high and senior high schools will be displayed at a series of American Education week programs, planned from November 9 to 15, Earl S. Kerr, superintendent, announced at the board of education meeting Monday night.

Parents will be extended invitations to inspect school buildings and visit classrooms during the week. A series of entertainments, featuring special speakers and programs by students, will be given at each school.

The routine a student must follow in school will be explained to parents who will watch their sons and daughters at work in chemical laboratory, manual arts classes, gymnastics, mathematics, languages and other subjects.

American Education week is an annual event in Salem, designed to display to parents and students alike the values of education, and showing to the former methods used in giving the latter the advantages of education.

The complete program for the week will be announced soon by Kerr, who is being assisted in arrangements for the event by principals of various schools.

Appointment of W. J. Springer and Miss Elizabeth B. Horne, principals of high school and Columbia school, respectively, to the Salem city board of school examiners, by Kerr, was approved by the board.

Approval was also made of plans for the purchase of new typewriters for the high school library and superintendent's office.

## Thrift Loss \$150

Theft of radio equipment valued at more than \$150 from the home of George Morrow, Washingtonville, was reported today by Village Marshal Thomas Dalrymple.

Morrow, accompanied by his wife, was visiting friends in Salem recently, thieves entering the home during his absence.

## Suspend Classes

DAMASCUS, Nov. 3.—The first, second and third grades of the Damascus primary school were suspended today for the remainder of the week to prevent possible spread of diphtheria. One case was reported at the school.

## School Board To Reorganize Classes For Plant Workers

Plans for the reorganization of apprentice training classes for employees of Salem industrial plants were adopted by members of the board of education on the recommendation of E. S. Kerr, superintendent, at the board's November session Monday night.

Requests that the board reorganize the industrial school were filed with Kerr by George P. Lozier of the Electric Furnace company and E. S. Dawson of The Deming company, who said that great benefits are derived from instruction obtained by workers in the special classes.

The board will enter into a contract with the Ohio bureau of vocational education and will pay one-half the salaries of teachers employed at the school.

Work on remodeling of the Chestnut Grove school, which has been moved to the rear of the high school building, for use in auto mechanics instruction, was reported

## AUTO INDUSTRY IS SET TO LEAD RECOVERY MOVE

Majority of Manufacturers  
Planning To Show  
New Models

EFFECT IS FELT  
IN RELATED WORK

Unloading of Dealers'  
Stock First Move In  
Sales Campaign

By David J. Wilkie  
Associated Press Writer

DETROIT, Nov. 3.—It long has been a tradition in the automobile industry that it is first to feel the effects of an industrial decline and first to recover. Many of Michigan's business leaders believe the motor car industry will lead the way again as it did in the past.

No small part of the feeling that better days are at hand is based upon the impending presentation of new models by a majority of the automobile manufacturers. Many of these new types already are in process of construction while others are to come off the production lines within the next few weeks. The effect of this new model production already has been felt in related industries that supply tools and parts for the various motor car makers.

Its effect upon employment will come shortly when all the makers planning new types put them into production.

### Add Improvements

Preliminary showings of some of the new models disclose why the industry's leaders are depending so confidently upon them to supply the impetus needed to thaw out a frozen motor car market. Apparently everything the industry has been able to develop in engineering improvement has been incorporated in the new cars.

Coupled with the impending appearance of new models, is the fact that the motor industry has cleared its decks in preparation for a vigorous sales campaign. Virtually no surplus stock will be in dealers hands when the new cars are formally presented.

The faith of the Ford Motor company in the future of the motorcar industry is shown in the expenditure of \$300,000 for the installation of additional equipment for the salvaging of worn-out motor cars.

The company began reclaiming metal in used cars more than a year ago. New machinery to provide scrap metal essential to the making of steel is being installed that will

## Wins High Post

Col. Roberto Fierro (above), a former garage mechanic, is the new governor of Chihuahua, one of the most important states in Mexico. Fierro, 36, noted flier, was inducted into office yesterday, succeeding Andres Ortiz.

Ortiz resigned as a result of a fierce political struggle with Luis Leon, a former governor.

Only a few years ago Fierro was a mechanic in a small garage in El Paso. He learned about motors there. He saw American army planes. In 1919 he enrolled in a Mexico City aviation school. In 1924 he was commissioned a lieutenant.

## COLUMBIANA, 26 OTHER COUNTIES IN CREDIT UNIT

Cleveland Division of National Credit Corporation Is Organized

(By International News Service)  
CLEVELAND, Nov. 3.—Designed to lend financial aid to banks throughout the territory which have frozen assets, organization of the Cleveland district division of the National Credit corporation was completed today.

### Covers 27 Counties

The Cleveland group, known as Association No. 1 of the fourth Federal Reserve district, covers 27 Ohio counties. The full quota of the district, or \$9,110,000, was subscribed by leaders of the Cleveland Clearing House association.

Groups 6, 8 and 9 of the Ohio Bankers association have not yet joined the Cleveland group but are expected to do so within a few days it was said.

Association No. 1 will make loans to banks in the territory which do not have the collateral that would be rediscountable at the Federal Reserve banks. The association will receive notes in return for its loans and make possible the release of large amounts of frozen assets.

### Counties Are Listed

In addition to Cuyahoga, counties included in Association No. 1 are Columbiana, Trumbull, Summit, Ashland, Crawford, Erie, Huron, Portage, Medina, Mahoning, Lorain, Lake, Geauga, Ashtabula, Wayne, Knox, Marion, Morrow, Richland, Wyandot, Carroll, Harrison, Holmes, Jefferson, Stark and Tuscarawas.

Executive offices of the clearing house banks will comprise the loan committee. They are Harris Creech, president of the Cleveland Trust Co., Corliss E. Sullivan, chairman of the Central-United bank; J. Arthur House, president of the Guardian Trust Co.; John Sherwin, Jr., president of the Midland bank; Hoyt V. Shulteis, president of the National City bank and Wilbur Baldwin, president of the Union Trust Co.

## ATCHISON AND BRIAN COMBINE

Real Estate, Insurance Businesses  
To Include Former Business  
Bureau Rooms

R. M. Atchison, real estate and insurance broker, and Arthur S. Brian, who conducts a general insurance business, have combined their offices.

They will occupy the present offices of R. M. Atchison, also the rooms formerly occupied by the Salem business bureau in the Atchison block at 541 State st.

However, their business will be conducted as before, Atchison in real estate and Brian, insurance.

## Wanted In Canton

DETROIT, MICH., Nov. 3.—Wanted by Canton, O., police for breaking and entering, Joseph Bibbons, 31, and William Valentine, 28, Lincoln Park, Mich., were arrested here yesterday.

Police questioned the men about a Cleveland slaying. They were traced by their bullet marked automobile.

## Seize Large Still

CLEVELAND, Nov. 3.—A 1,000-gallon still, spouting a stream of denatured alcohol the size of a garden hose, was seized by federal agents here last night.

It was the largest ever taken in the Cleveland area, Robert Scott, who lived in the building but denied ownership of the still, was arrested and charged with violation of the national prohibition law.

## Record Off Year Election Total is Expected in Ohio

Two Congressmen to be Named; State to Act On Welfare Bond Issue; Domination of National House Rests On Outcome of Various Contests

A total of 912 voters, less than one-third the number expected in the municipal election here, had cast their ballots at the city's 13 precincts up until noon.

Opening of the polls at 6:30 a. m. was marked by ideal weather, and precinct workers continued, in the face of light morning returns, to express confidence that the count will pass the 3,000 mark.

Election officials based predictions on records showing that, in the 1929 municipal vote, there were only 748 ballots cast up until noon while the full day's voting resulted in 2,631 votes. At this year's August primaries, when more than 2,600 votes were cast, the noon-day tabulation showed only 658 electors at the polls.

The Fourth ward, with its five precincts, again listed the largest voting, 319, followed by the First ward, with three precincts, with a total of 274. Precinct B of the First ward led all other polling places with 138 ballots. Precinct B of the Fourth ward had 95 while B of the Third had 83.

Large numbers of women cast ballots this morning.

Here's the result of the noon tabulation:  
First ward—A Precinct, 53, B 158, C 66; total 274.  
Second ward—A 50, B 84, C 43; total 177.  
Third ward—A 55, B 83; total 133.  
Fourth ward—A 78, B 95, C 69, D 38, E 39; total 319.

## Buckeye Issues Are Awaiting Count

(By Associated Press)  
A record "off year" election vote, riding on a wave of old fashioned enthusiasm aroused by lively local contests appeared probable today as the Ohio electorate turned out to settle a battle of words that has raged about a maze of issues.

Two congressmen were to be elected and a \$7,500,000 welfare bond issue was up for state-wide consideration, but this caused only a ripple of excitement as compared with the county and municipal issues. Generally fair weather was predicted for the day, assuring a heavy vote.

1st, 20th Districts Vote  
The congressional contests were in the first district, comprising Cincinnati and the twentieth district, embracing Cleveland. In the latter, Martin L. Sweeney, Democrat, generally was conceded at a victory over his Republican opponent, H. Hadyn Parry. The district is a Democratic stronghold.

The first district seat was left vacant by the death of Speaker Nicholas Longworth. The candidates were Attorney John B. Hollister, Republican, and State Senator David Leach, Democrat, and both sides conducted quiet campaigns in the hope of winning the vote of the independent charter faction in Cincinnati. The charter group is made up of both major parties.

The state-wide bond issue, submitted in the form of a constitutional amendment, had the support of both Governor George White, Democrat, and his predecessor, Myers Y. Cooper, Republican. It was a direct outgrowth of the Ohio penitentiary fire in which 320 convicts perished and was proposed as a means of financing new institutions, enlarging existing structures.

(Continued on Page 4)

## Balloting Will Fix Lineup in House

Of the five special elections called to fill vacancies in the house, the outcome in two usually Republican districts is considered doubtful. They are the first Ohio and the eighth Michigan.

The Democrats, who have formed the house minority since 1918, have assailed the Hoover administration. Whatever the election results, they will be generally interpreted as the political sentiment toward the chief executive.

Would Tie At 216  
Should the Republicans return representatives from three seats traditionally theirs, the most they could do would be to tie the Democrats at 216, as the Democrats have virtually been conceded victory in the other two districts which are normally in their column.

The present lineup gives the Democrats 214; Republicans 213; farmer labor one; vacancies seven. One vacancy in the fifth New Jersey district, usually Republican, will be filled December 1. It may be the decisive district, should today's elections go as in the past.

The seventh vacancy, in the first New Hampshire, will not be filled until January 5, too late for the representative to participate in the house organization, December 7.

The dispute in New York between Governor Franklin Roosevelt and Alfred E. Smith, the 1928 Democratic presidential nominee, over a forestation amendment to the state constitution, has bothered the Democrats. Roosevelt looms as presidential timber and Smith continues the titular party leader.

Cermak Belittes Disagreement  
Anton J. Cermak, Democratic mayor of Chicago, however, belittled "this talk about a Smith-Roosevelt disagreement." He held the issue was merely a state matter. Down in Kentucky, both Republicans and Democrats are claiming victory in the gubernatorial contest that centered around Ben Johnson, highway commissioner. He was endorsed by Judge Ruby Laffoon, Democratic candidate, and de-

## OBJECT OF RESENTMENT

The flareup over the administration's naval policy has become a blaze. By the time it is extinguished the United States will know more about its navy than it does now. The issue of expenditures for defense will be particularly well canvassed on both sides if President Hoover is reelected, continuing his present policies.

It is an aid to clear understanding of the situation to realize that the navy is not the specific object of specific resentment in the popular support given the administration's naval policy. It is a general object of general resentment against expenditure of public money in excess of what many citizens believe to be reasonable.

These citizens have been assured by President Hoover on numerous occasions that he believes in adequate national defense. They do not believe his advisers would permit him to make any unwise reductions in the naval budget, the point around which the present trouble started. In short, they have more faith in the President than they have in his critics, particularly the navy league.

Some of them recall an allegation made in an address before the house of representatives on Dec. 15, 1915 by Representative Clyde H. Tavenner of Illinois, who said that a majority of the founders of the navy league, and of its directors since its founding, had been directors of corporations which benefited directly or indirectly by the sale of munitions of war. The allegation was denied by the league, but the suspicion to which it and other incidents have given voice, continues.

The critics of the Navy League are, for the most part, the millions of men and women who are convinced that the world spends too much for armaments. The current discussion of the United States naval budget for the next fiscal year has offered them an object of resentment. They have been quick to seize upon it greatly to the chagrin of the navy.

## What Others Say

**IL DUCE SAYS SOMETHING**  
The bitter denunciation of the Treaty of Versailles uttered by Signor Mussolini at Naples on Sunday synchronized so perfectly with the arrival of his foreign minister, Signor Grandi, at Berlin that the coincidence can not have been expected to escape notice.

A good deal of water has flowed down the Tiber and the Rhine since the war. The traditional friendship of Italy and Germany has revived under fertilization of France's aggressive self-assertion. As far as the general European situation goes, Signor Mussolini has as good as pledged himself to walk hand in hand with Germany toward disarmament and escape from the burden of war debts and reparations. At Geneva next year Germany and Italy may be looked for on the same side of the table.

Curiously enough it is Signor Mussolini, whose frank utterances in the past have given him abroad the reputation of being a firebrand, who now vigorously proclaims the growing belief that the way to disarmament and economic rehabilitation lies through revision of the Treaty of Versailles. A decade's experience with that document, which may have been the least the Allied nations could have prevailed upon to ratify in 1919, clearly proves that it can not be enforced indefinitely without disaster. The problem is to repair the structure of the treaty without bringing it down about the world's ears—Detroit Free Press.

## Twenty Years Ago

(Issue of Nov. 3, 1911)

High winds from the lake regions to the north during the night Wednesday brought the first snow to Salem early Thursday morning and gave northern Ohio its first taste of real winter. According to weather reports a blizzard is on its way.

A number of young men employed at the Deming foundry surprised Albert Shaffer Wednesday at his home on the Lisbon rd. They hushed about 60 bushels of corn for him.

The sale of the household goods, farm implements and live stock of the late Albert H. Phillips, Depot rd., was largely attended Wednesday.

Rev. J. E. Hollister, retired Methodist minister, died Thursday morning at his home in Leetonia, just a week after his wife died. He had been engaged in the ministry for 54 years. Miss Amy Shinn, teacher in the Leetonia schools, was a stepdaughter.

A daughter was born Wednesday to Mr. and Mrs. Clyde Beck, East Green st.

## FOOLISH FEELINGS

WHEN YOU REALIZE YOUR LEAKING LUGGAGE MAY BE AROUSING SUSPICIONS

569

NEW YORK, Nov. 3.—The theatrical district is suddenly overrun with an army of celebrity seekers and autograph hunters who descend like a plague of locusts around stage doors and movie theaters featuring "personal appearances." The circle has taken on the enthusiasm of a guild.

It is composed of the same faces and moves from theater to theater. There are boys and girls, middle aged men and women and a sprinkling of the aged. Most of them carry albums, but there are a number who just stand dumbly to gawk.

Members appear at 5 p. m. to group at the matinee exits and 10 o'clock for the evening performances. There is a sort of social aristocracy among them, expressed in first row places for the elect. They know one another by names and otherwise express a camaraderie.

Producers believe the usual group of curious collecting at stage doors has been augmented to such unusual proportions as the result of the unemployment situation coupled with the slim rewards gained by the sale of books filled with autographs.

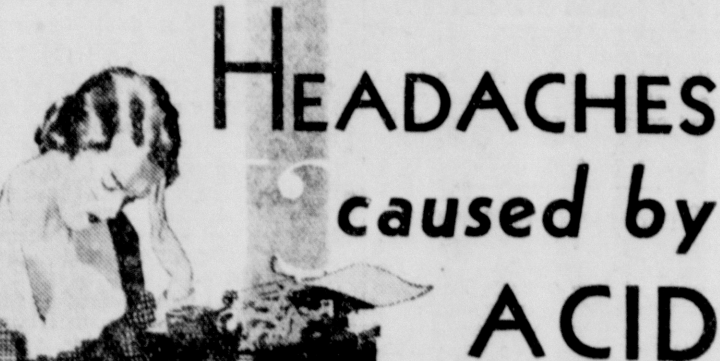

The most conspicuous posts at the moment are the stage doors of the Ziegfeld and Earl Carroll theaters. Police are there daily to keep them in line and prevent traffic congestion. Opening nights are special targets for the signature snatchers.

Many bring sandwiches and a few elderly camp stools. I watched them at a theater on 6th avenue last evening. They suggest a silent and drooping band of marchers bivouacking on a roadway. There is not the light persiflage of the usual street-crowd.

Ralph Barton, two years before his tragic and dramatic finish, told me he had gone four days and nights without a wink of sleep. And felt no great discomfort save a burning sensation around the eyeballs. Just before he finally fell asleep he turned out what he considered his very best caricature and then slept 12 hours at his drawing board.

# HEADACHES caused by ACID

Acidity haunts its victim like a shadow. No appetite; what you do eat disagrees, causes flatulence and makes you sluggish. Work is an effort. Before night, a headache.

Do you know what is wrong? An acid-soaked system! Too many acid foods. But you need not diet your way out of this difficulty! Take a tablespoonful or two of Phillips' Milk of Magnesia.

From the hour you relieve that acid condition you will feel like another person. Every spoonful of Phillips' Milk of Magnesia will neutralize many times as much acid. Take it when stomach nerves are over-stimulated through worry, or excitement; when everything ferments in your stomach, and waste matter is poisoning the bloodstream or whenever the

bowels are clogged. Phillips' Milk of Magnesia has a gentle, laxative action. It is ever so much better for one than the harsh purgatives that upset the stomach or weaken the bowel muscles. An occasional dose of Phillips' Milk of Magnesia is all that is necessary to avoid those periodic attacks of sluggishness so apt to occur with any person who does not get a great deal of physical exercise.

Phillips' Milk of Magnesia is sold at drug stores everywhere in 25c and 50c bottles. Be sure to say "Phillips" when you buy. Then you're sure of getting the product that doctors prescribe.

**Proper Milk For Baby**  
(This is the fifth of a series of articles treating every phase of infant feeding. Another article will follow soon.)

In this series I have been attempting to explain to the young mother the problems involved in feeding her baby. As I have said on repeated occasions, the baby is much better off if it can be fed from the breast. But of course breast feeding is not possible in every instance.

The reason why mother's milk is to be preferred to an artificial food is because it is exactly suited to the needs of the human infant. Mother's milk is more dilute than the milk of the lower animals. It is peculiarly rich in fat and fat of a remarkably fine globule. This makes it much more readily digested than the fat of cow's milk.

The percentage of sugar in mother's milk is higher, while it contains a smaller proportion of protein. Because of these differences between human milk and cow's milk, it is necessary to make certain modifications in order to fit the cow's milk to the digestive requirements of the infant. If it were attempted to feed the child with the unchanged, unmodified cow's milk, there would be digestive disorders a once, loss of weight and general debility.

The first thing we must do to prepare the cow's milk for the baby's needs is to add water, to make it more dilute, more like human milk. But when we do this, we have lessened the proportions of fat and sugar. As a result, the calories, the heat-producing elements, are lacking.

To overcome this, the next step in modifying the milk is to add sugar and a certain amount of fat in the form of cream. Just exactly what these proportions shall be,

## The Stars Say—

Wednesday, Nov. 4.

Pleasurable and lively day, with much stirring and enhancing the ambitions is presaged by the prevalent panetary aspects both lunar and mutual. There is much of profit and progress to be attained by contacts with those in places of power and authority. These should be cultivated and opportunities for increased prestige and popularity grasped. However, there may be some disappointments and cross-purposes and much may be jeopardized by extravagance and indulgence.

Those whose birthday it is may expect a very lively and pleasant year, with advancement, fulfilled ambitions and prestige to be attained by contacts with those in high places. But be prepared for small anxieties, setbacks and do not jeopardize excellent prospects by extravagance, personal indulgence and equivocal personal situations. A child born on this day should be high minded, ambitious and equipped to mingle with the best, but may incline to extravagance, prodigality and perilous indulgences.

depends on the age of the baby. Let me give you an example. For an infant one month old, the feeding for 24 hours would be made up as follows:

## The Proportion

Out of a total of 16 ounces there would be 3 ounces of cream from the top of the milk bottle, 2 ounces of skimmed milk and 11 ounces of water. To this mixture would be added a little more than 2 table-spoons of milk sugar. The resulting pint of prepared milk would have virtually the same proportions of ingredients as an equal quantity of breast milk.

As the child grows older, the quantity of cream would be increased slightly. At the same time, the skimmed milk content would be

increased, and the water material-ly decreased, until at six months of age not more than 5 ounces of water would be included in the 16-ounce mixture.

The first food given to the newborn babe would consist of 14 ounces of water, to which are added the other ingredients. They would be, 1 ounce of cream, 1 ounce of skimmed milk, and a trifle more than 2 level tablespoons of milk sugar.

When larger quantities of food are required, the same proportions are maintained. It is the practice of some physicians to use barley water or some other cereal water after the baby has reached the age of four months, I shall speak of this again.

## BIG VOTE SEEN IN COLUMBIANA

### Marshal Contest, Mayorality Battle Leading Issues

COLUMBIANA, Nov. 3 — It is probable that an unusually large "off year" vote will be cast in Columbiana today, due principally to the three-cornered contest for village marshal. The three candidates are: Edwin Johnson, Independent; R. G. Millen, Democrat, and F. E. Sittler, Republican. The Democrats do not have a complete village ticket, but are represented for all the important offices, as follows: Mayor, F. S. Lennig; clerk, S. Richard Orr; treasurer, Luther Donbar; village council, Thomas H. Snyder, Ray W. Fisher, Charles E. Keller, Fred Thomas; board of public affairs, Harvey Rapp. The Republican ticket: Mayor, J. L. Hum; clerk, T. J. Sailors; treasurer, Charles B. Fuhrman; Council, W. S. Burkhardt, R. C. Miller, Dr. W. S. Baker, Charles S. Ling, Arthur Myers, W. R. Simpson; board of public affairs, Ray E. Harrold, C. M. Hoover, Isaiah Mowen. Two are to be elected to the board of education, but names must be written on the ballot, as no candidates filed petitions. The two board members whose terms expire are O. F. Harrold and Leo E. Holloway.

Henry Staley, local member of the county board of education, is a candidate for reelection, along with W. H. VanFossan of Elkrun township. They are opposed by A. A. Strong of New Waterford and John B. Sanor of Hanoverton. Township trustees have no opposition, present incumbents running again being J. M. Levan, A. S. Feairall and Morris Brunker.

C. L. Stacy, present township clerk is opposed by Olaf V. Todd. Two members of the Fairfield township board of education, Arthur Wisler and Harry Bierman, are opposed for reelection by three others: L. J. Kirk, Godfrey Schwab and John Sittler. Voters of the Fairfield school district will also vote on a \$50,000 bond issue for enlarging the present school building, which is now very much crowded. This issue promises to bring out a large rural vote.

#### Conclude Broadcasts

The last of the series of 13 Columbiana broadcasts over station WKBY, Youngstown, will be heard Thursday noon, in charge of Miss Emma Koenreich, and will feature solos by George Hermann and Charles Zellers, Jr.; piano duets by Mrs. Richard Orr and Miss Ethel Esterly; and trombone solos by Mrs. Swinbank, the latter a Salem resident.

### COURT NEWS

#### In Common Pleas

A receiver's report of sale has been confirmed by Judge W. F. Lones in the case of Arden Burkholder against George Oesch and Rena Whiteleather. The receiver has been allowed \$61.80 as his fees, and also expenses.

There has been a settlement at the costs of the defendant in the case of the Canton Engraving & Electrotype Co. against the Whitacre Boiler Co.

In the foreclosure action filed by Albert M. Lodge and Mary L. Lodge against Angelo Citino and others, there has been a dismissal with costs paid and no further record.

#### Settled Out of Court

The case of K. L. Cobourn against Francis J. and Kate Snyder has been settled out of court and at the costs of the defendant, with costs being paid.

There is to be a re-appraisal in the partition action filed by Madge Leitzell against Dorothy Durstine and others. Commissioners appointed by the court are Harry Chappel, Harry Loop and Fred D. Capel.

Leave to the defendant to refile its answer to the petition as an answer to the amended petition has been granted in the case of C. C. Herriott and others against the Wilson-Beeble Coal Co., which is an action in attachment.

Dismissal for want of prosecution at the costs of the plaintiff has been entered in the case of Andrew VanDyne against Sylvia Andreatta.

#### Named Receiver

C. E. Greenmeyer has been appointed receiver with bond fixed at \$200 in the case of the Peoples Savings & Loan Co. against William E. Marshall and others.

Judgment for \$2,759.44 in favor of the plaintiff has been entered in the foreclosure action filed by the Firestone bank against Jesse P. Galbreath and others. A decree foreclosing the mortgage and an order of sale has been entered in this action.

An order correcting a former record has been given in the foreclosure action filed by the East Palestine Building & Loan association against C. Frederick Funk and others.

#### Divorce Actions

The divorce action filed in common pleas court by Pearl E. Bloor against her husband, Allen C. Bloor, went to trial before Judge W. F. Lones, and a decree was obtained by Mrs. Bloor on the ground of extreme cruelty. A temporary alimony order granted in this case when it was first filed was made permanent by the court. This requires Bloor to pay \$50 as counsel fees for the plaintiff, and in addition \$5 weekly for the support of minors.

Paul Oberholtzer, defendant in an alimony action filed against him by his wife, Helen Oberholtzer, has been ordered by the court to pay his wife \$50 as counsel fees, and in addition \$4 weekly. Any deficiency on this order is to be included in a final order.

In the divorce action filed by George H. Everstine against his wife, Loma P. Everstine the plaintiff has been ordered by the court to pay the defendant \$50 as counsel fees in two equal monthly installments and in addition \$5 weekly for the support of a minor child.

There was a trial to the court in the alimony petition filed by Nora E. Speidel against her husband, Harry A. Speidel, and a divorce decree was granted the plaintiff on the grounds of gross neglect of duty and extreme cruelty, and upon payment of costs. A decree has been entered for the division of property and alimony, and the plaintiff has been restored to her maiden name, Nora E. DeVille.

Former Provisional President Luis M. Sanchez Cerro of Peru (above) not only has just been permanently elected head of the Peruvian Government, but he has lived to experience such honor. President Cerro was congratulated, not only for his political victory, but for escaping bullets of enemies who fired upon his home from an automobile.

## Steel, Rock, Water Guard French Gold

Banque de France Houses Nation's Supply of Precious Metal in Impregnable Vaults, Built to Withstand Ravages of Time, War and Revolution

Ninety-six feet below one of the busiest thoroughfares in Paris are the vaults in which the Banque de France keeps the nation's gold reserve. Fitted into a pocket hewn from solid rock, the vaults containing 30 per cent of the world's gold are considered absolutely impregnable. Officials of the Banque de France, of which Emile Moreau is the head, claim that in the event of war or revolution, the personnel of the bank could retire to the vaults and hold out for several weeks. They are equipped for such an emergency with offices, kitchens, food and sleeping accommodations. The 96 feet of solid rock that tops the steel roof of the vaults is protection against shell fire or bombing in the event of war. Tunneling is also guarded against as there is a water jacket provided by a subterranean river, completely surrounding the treasure chest. Inside the vaults are thousands of gold ingots neatly stacked on steel shelves. Each ingot weighs 12 kilos (26.5 pounds) and is valued at \$200,000. With the exception of the United States, France now holds the greater share of the world's gold and its stock is growing larger every day.

## Let's talk Straight from the Shoulder

WHAT you want in a cigarette is taste. You want mildness... smoothness...and satisfying pleasure when you smoke.

All right then... get this straight.

CHESTERFIELD pays top prices... yes, and a premium for the ripest, mellowest, sweetest-tasting leaf that grows.

The curing and conditioning is done by specialists... men carefully trained in handling these fine tobaccos.

IN BLENDING, also, Chesterfields are different.

Instead of merely mixing the tobaccos together... we cross-blend them. It's like making a new and better-tasting kind of tobacco. That's how we get that Chesterfield flavor. Milder...and a more pleasing aroma.

Cigarette paper? Only the purest that's made is good enough for Chesterfield.

PICK UP a package. Note its clean appearance... free from heavy inks. It's moisture-proof, too.

And three big factories at Richmond, Durham and San Francisco—

operating under the strictest sanitary standards—rush them fresh to you.

Good...they've got to be good. Because they're made that way. And most important of all... you can taste this goodness in the cigarette. You can tell it in the smoke.

Light up, Mister! Try Chesterfield.

Let the cigarette do its own talking.

You'll get the whole thrilling story, in just two words... "They Satisfy!"

"Yes Sir - Mild yet they Satisfy"

## Cold Insurance

He carries it with him, ready for just such times. That little box of Bayer Aspirin. If he catches cold, what of it? Bayer Aspirin will stop it. If his throat feels sore, he will end the soreness with one good gargle made from these tablets.

Dangerous complications can follow the neglect of "a common cold." Every case of tonsillitis began with "just a sore throat." It's a wise plan to take aspirin after any undue exposure to bad weather, or whenever there is any chance that you've caught cold. If it's genuine aspirin it can't possibly hurt you; and how it does banish the aches and pains caused by colds, neuralgia, neuritis, lumbago, and even rheumatism.

Bayer Aspirin will insure your comfort through the worst cold season. The more susceptible you are to colds, the more you need it. Does not depress the heart.

### Large Cities Have Contests

Five large cities—Akron, Columbus, Canton, Youngstown and Toledo had majority contests to elect city managers for 1932. In Cleveland, interest in Cleveland centered in a fight to abolish the city manager form of government in favor of the mayor form. Similar contests have been waged five times during the past six years. In Toledo the voters were asked to consider an amendment to change from mayor city manager rule.

School levies were proposed in many counties as a means of supplying funds to keep the schools in operation and numerous county one-mill levies for unemployment relief also were on the ballot. Delinquent tax returns have left many school treasuries without funds to pay teachers. In central Ohio many schools already have been closed for lack of money.

### Cleveland Politicians Battle

Alleged corruption, extravagance in government and plans to meet the economic situation held the spotlight in several large cities. In Cleveland, Maurice Maschke, Republican national committee, was assailed as a "corrupt boss" by former City Manager William R. Hopkins, who is seeking a council seat. Maschke retaliated by calling Hopkins a "liar" and "menace to public life."

Columbus had a seven-cornered mayoralty contest with "mud" as the chief ammunition. The battle appeared to stand between James J. Thomas, Republican incumbent, and Henry J. Worley, Democratic council president. The Youngstown mayoralty race was an eight-cornered one and the voters also were asked to pass upon a 3.6 mills levy to pay the school teachers. Three candidates sought the mayor's job in Akron in a campaign of personalities.

Edward L. Stokes, Republican, is expected to top Charles S. Hill, for the seat in the second Pennsylvania district by a wide margin.

Joseph Delaney, Tammany, Democrat, probably will down William L. Padgett, Republican, in the seventh New York, by a substantial majority.

Indications are that voting will be unusually heavy for "off year" elections. The weather forecast is generally fair.

## Makers of Vicks Vapo Rub Announces a New Plan for Home-Control of Colds

News Comes With Development of a New Product; A Unique Companion to the Famous Treatment, Based on a New Idea for Prevention of Colds.

Makes Possible a Further Reduction of the Family "Colds-Tax" This Winter In Time, Money, Health.

A quarter century ago, Vicks VapoRub introduced the modern external method of treating colds. Now Vicks Nose & Throat Drops—latest development by the Vicks chemists—introduces a new idea in preventing colds. Together, these perfect allies make possible the new Vicks Plan for better "Control of Colds" and reduction of the family "Colds-Tax" in time, money and health.

Here is the Vicks Plan of Control:

1.—BEFORE a Cold Starts.

On exposure to colds or to any of the causes that ordinarily lead to colds—crowded indoor places—stuffy, poorly ventilated rooms—sudden temperature changes—wet and cold, etc., etc.—that slow down the normal functioning of the nose, Nature's marvelous "first line of defense against colds"—use Vicks Drops promptly. Or, if a cold actually threatens—at that first stuffy,

energy irritation of the nasal passages—a few drops up each nostril, and many annoying colds will be avoided.

2.—AFTER a Cold Starts. At night, rub Vicks VapoRub over throat and chest and cover with warm flannel. Leave bed-clothing loose around the neck so the medicated vapors can be inhaled all night long. During the day—any time or any place—use the convenient Vicks Drops as often as needed. This gives you full 24-hour treatment. (If there is a cough, you will like the new Vicks Cough Drops—medicated with ingredients of Vicks VapoRub).

Trial Offer to Vicks Users

The makers want every user of Vicks VapoRub to try Vicks Nose Drops. Free trial samples of the Nose Drops were sent every druggist in the United States—but if you failed to get yours, buy a bottle today and try out the Vicks Plan for better Home-Control of Colds as directed. If you are not delighted with results, your druggist is authorized to refund your money without question.

## Way to Get At a Cold Is Through the Bowels

As soon as you catch cold, the pores close, perspiration is checked. Gases and waste can't escape through the skin. That's why your doctor's first advice in case of colds is a mild laxative like cascara. Medical authorities agree it actually strengthens bowel muscles. You get cascara in its most pleasant form in candy Cascarets.

Remember this when you catch cold; whenever breath is bad; tongue coated; or you're headachy, bilious, constipated. Why resort to harsher things when Cascarets activate the bowels so quickly, so harmlessly and pleasantly—and cost only a dime? Adv

# Japanese War Lords Honor Victims

Headed by War Minister General Jiro Minami (left), the general staff of the Japanese War Ministry assembled to pay public tribute to the memory of Japanese soldiers who were killed during the outbreak of Sino-Japanese hostilities in Manchuria. At the right are Shinto priests conducting the ceremonies, which were held in Tokyo. Scenes similar to this enacted daily, help to intensify anti-Chinese feeling.

make it possible to send one old car to the melting pot every minute.

The state of Michigan's contribution to the general effort to hasten the return of normal conditions is a \$10,000,000 highway project already under way to be financed by future receipts from the weight and gasoline taxes. The program requires that at least 75 per cent of the workmen must be engaged from the list of unemployed in the county where the improvements are being made.

Several of the state's public utilities corporations are going ahead with construction programs that, although not as large as in some previous years, indicate a faith in the restoration of consumer demand generally.

In Detroit preparations are being made for the raising of the old post office building to make way for a new \$20,000,000 structure. The present building already has been vacated.

In Battle Creek the Kellogg company has instituted the six-hour day in its plants to give employment to more workers and fixed a \$4 a day minimum wage. From Muskegon the Continental Motors corporation announced an improvement in demand for its product and at Jackson the Sparks Withington company has taken on additional workers with its entry into the electric refrigeration field.

Several other cities have reported a more optimistic outlook on the part of their major industries.

# Joan "Manicures" the Decks

For the first time in its history, a woman has been permitted to live aboard a Coast Guard cutter while it performed its dangerous work many miles at sea. Joan Lowell, famous authoress of the "Cradle of the Deep," was that woman. Miss Lowell spent eight days aboard the "Mojave" and experienced enough thrills in that time to last most people a lifetime. Some things she did, however, were not so thrilling. As, for instance, scrubbing decks. Here's Joan "manicuring" the deck with male assistance.

## WHAT SHALL I GIVE THEM TO EAT

THREE meals a day—365 days in a year—what a lot of meals to plan—to cook—to serve!

And that isn't all of it. You have to buy food for those meals. Meat. Groceries. Vegetables. Fruits.

A big job! Not only does it take careful buying to keep within your food budget, but ingenuity to vary your menus so that they are nourishing, yet free from monotony.

However, you can simplify this feeding job by reading the advertisements that feature food products. In these times, food advertisements are most complete in information regarding the price of the product, its health value and its uses. Often the reading of one advertisement can furnish you with ideas—not only for dinner tonight, but for your breakfast tomorrow, and luncheon the day after.

How often you say, "What shall I give them to eat?" Read the advertisements and you'll find the answer.

The pages of this newspaper carry the advertisements of reliable merchants and reliable manufacturers. Read them—take advantage of the opportunities they offer.

## THEATER Attractions

WHETHER you are a football fan or not you will get a real thrill from seeing "THE SPIRIT OF NOTRE DAME," the picture at the State today.

The entire production is filled with the spirit of football, and the sportsmanship that builds championship teams, and the cast comprises some of the greatest players in the history developed by the late Coach Knute Rockne at Notre Dame. These include Frank Carideo, twice All-American quarterback, "The Four Horsemen," Moon Mullins, John Law, Adam Walsh, Al

Howard, Bucky O'Connor, Art McMahon and many other noted players. And these boys reveal themselves as capable actors, as well as football players of the first degree. When the team finds itself in the midst of its final game of the season with Army, the interest has reached a pitch of highest excitement.

Lew Ayres is the star.

"DAUGHTER OF THE DRAGON" is the feature at the Grand today.

The picture marks the return to the screen of Sessue Hayakawa, gifted oriental thespian, after a twelve-year absence.

This new mystery thriller by Sax Rohmer, narrates the fascinating experiences of a beautiful girl who carries on her father's diabolic scheme of vengeance, matching wits with Scotland Yard to do so.

Anna May Wong and Warner Oland play important roles.

## Runaway Russian Boy Owns Czar's Treasures

Fine Example of Life's Ironies Furnished by Story of Morris Gest, Famous Theatrical Producer of New York.

MORRIS GEST

Barred from his native Russia in 1905 because of anti-tsarist sentiments, Morris Gest, son-in-law of the late David Belasco, now can declare with satisfaction that the affront has been wiped out. Gest had fled Russia for America when a lad of nine because his early dislike of the czarist regime had taken the form of thumbing his nose at a picture of the Emperor which adorned the wall of his schoolroom. Today, a successful theatre magnate, Mr. Gest lives and works in rooms furnished entirely with pieces that were once the pride of the imperial Romanoffs. Pictures show Mr. Gest in his study and several fine pieces of the goldsmith's art that were the property of the late Czar Nicholas. Even now agents of the producer are scouring Russia for other treasures to add to the unique collection.

## Mothers... Watch Children's COLDS

COMMON head colds often "settle" in throat and chest where they may become dangerous. *Don't take a chance*—at the first sniffle rub on Children's Musterole once every hour for five hours.

Children's Musterole is just good old Musterole, you have known so long, in milder form.

This famous blend of oil of mustard, camphor, menthol and other ingredients brings relief naturally. Musterole gets action because it is a scientific "counter-irritant"—not just a salve—it penetrates and stimulates blood circulation, helps to draw out infection and pain.

Keep full strength Musterole on hand, for adults and the milder—Children's Musterole for little tots. All druggists.

Today's Pattern

**DOLL'S CLOTHES**  
2066

Wardrobe for a Doll  
Treat your small girl's favorite doll to a new fall wardrobe. The outfit consists of a smart cape coat, a cunning little frock, a hat, slip and panties. Perhaps you've a few scraps left from your summer sewing, if so, they'll be most acceptable. I'm sure.

Pattern 2066 may be ordered for dolls measuring 16, 18, 22, or 24 inches in length. For an 18 inch doll, 1/2 yard of 36 inch fabric is required for coat and hat, and 1 yard for dress, slip and panties. Yardage for every size, and simple, exact instructions are given. No guesswork experience is necessary to make this model with our pattern.

Send for the fall and winter catalog. It features the newest in afternoon, sports and house dresses, lingerie, pajamas and kiddies' clothes. Also delightful gift suggestions in accessory and transfer patterns.

**COUPON**

This pattern will be delivered upon receipt of 15c, coin or stamps, carefully wrapped. Latest Fashion Book 10c. Send all orders to SALEM NEWS PATTERN DEPARTMENT, 243 WEST 17TH STREET, NEW YORK CITY.

# Salem, South Clash In Fourteenth Annual Grid Duel Friday

## RUSSELL BACK IN NORTHWESTERN LINEUP FOR MINNESOTA TILT

### THE DAY IN SPORTS

THE OLD, OLD CONFLICT

The bureau of biological survey in the department of agriculture, which is supposed to know about wild game, predicted a decrease in the number of wild fowl this year. Consequently, the open season was shortened from two months to one month, as a conservation measure.

If the bureau is right, and it maintains stoutly that it is, there was every possible justification for shortening the open season on waterfowl. It is the bureau's duty to assemble data with the purpose of best serving the greatest number of people. There was nothing else for conscientious hunters to do but recommend that the season be shortened.

There are, however, two kinds of hunters. One kind has a conscience that prevents anything which might be harmful to the rights of others. The game warden never has to watch them. The other kind, however, has a conscience of convenience. If he is watching they are willing to take the chance of overstepping their rights. They haven't noticed that there are any fewer ducks so why should they quit shooting them a month earlier than usual? No one's going to put anything over on them.

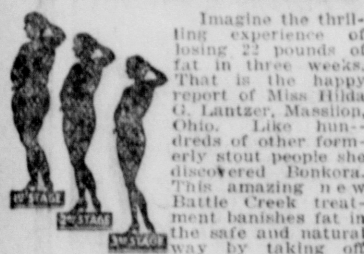

It's the old old conflict between those who look ahead and those who look straight at the ground. The conscientious duck hunters have the upper hand and intend to keep it. Duck hunters in the years to come can thank them when the mallards settle down on their way south, just as duck hunters today are thanking another generation that ruled out the spring hunting season for waterfowl.

In two weeks Jim MacMurdo husky Pitt tackle, will have the opportunity to establish himself as a national figure. Already rated by Notre Dame as much better than either of the Northwestern tackles, he will stack up against Price of Army on November 14, and against Rheo of Nebraska on Thanksgiving. Both of these were All-Americans last year.

CARNEGIE TECH football coaches this week faced a tremendous task in preparing their squad for the city championship battle with Pitt at Pitt Stadium Saturday. The Notre Dame game took a terrific toll of the small Tartan squad's vitality, although only Lib Lewis, Washington, Pa., regular right end who suffered a fractured leg, was the only player badly injured. The rest of the boys are tired to the point of utter exhaustion, and practice was dismissed altogether on Monday. Tuesday's workout was not to last longer than 25 minutes. The chief problem is to husband the squad's strength as much as possible, and yet brush up the offense and defense for the powerful Panthers. Carnegie's morale needs no bolstering. It continues to amaze even those who have been close to hard-fighting Tech teams for two decades.

Tony Ostrosky, New Castle boy, will take Lewis' place at right end with no less in team efficiency. Ostrosky has been considered on a par with Stewart and Lewis right along, with only his small stature holding him back.

### Loses 22 Pounds of FAT in 3 Weeks

Imagine the thrilling experience of losing 22 pounds of fat in three weeks. That is the happy report of Miss Hilda G. Lantzer, Massillon, Ohio, who has lost 22 pounds of fat in three weeks. She is shown in the above picture. Eat plenty of the "3 easy stings" as shown in the picture. The secret is selecting the foods you like in their proper combination—so they do not turn to fat. Free list furnished shows you how to choose the correct combinations. Know the secret of health and a slim, attractive, youthful figure.

## Another Great Contest Foreseen as Stonemen Seek 6th Straight Win

Salem High's football machine seeks its sixth consecutive victory of the 1931 grid campaign Friday night, clashing with a strong South High eleven of Youngstown at Rely athletic stadium in the fourteenth annual battle between the two schools.

Another great gridiron classic is foreseen as the rival schools started intensive preparations for the contest Monday. South, granted a respite from actual competition in an open date last week, will enter the contest in best condition of the year while the Quakers, after their clash with a heavy Wellsville team, are in only fair shape for the fray. Light workouts are to prevail at Salem's practices this week, it appeared today as Coach Floyd Stone refused to take chances on injuries to any of his varsity performers.

### Injuries Hit Salem

Columbiana county's football fandom witnessed a great grid duel here last Friday when the Quakers defeated Wellsville, 6-0. If thrills sold at a time a dozen times as many as the game, it was one of the classic frays held in the district in years.

Out of this victory, however, came possibilities that several Quaker gridgers will be forced to lay out of practice sessions for at least two days. Stone is confident that he will be able to use his regular varsity combination against the Southerners but, to do this, must eliminate hard scrimmage workouts from the team's practice routine.

As was the case in the Wellsville game, the Quakers will again be outweighed when they clash with the Youngstown team who have a team that will average every bit as much as the Tigers. Everyone of "Busty" Ashbaugh's four backfield stars, Lehman Tomlin, Antonucci, Baldwin and Lobinger, will be ready for the fray while the South forward wall, with its 210-pound giant, Jobe, will also be in prime condition.

### Past Scores Confusing

A comparison of scores of games played by the two teams results only in confusion, as attempts to depict out grid tussles always do. On one comparison, the two teams' games with Warren High, the Quakers are held the better squad but on another South is conceded the big edge. South lost to Warren, 6-0, while Salem defeated the Hillmen, 13-7.

South's big victory this season was the 9-0 triumph over Campbell Memorial, a team that trounced Wellsville by a 12-0 score. From this everything points towards strength in the Youngstown outfit.

Then too, South is the only team to hold a decision over the Campbell team, declared to be one of the strongest offensive aggregations in the district. In winning South displayed a staunch defense that overpowered Memorial all the way while its own ball-carriers knifed their way through giant holes opened by the line and marched through to victory.

Ashbaugh has failed to triumph over Salem since 1929 and so intent is he on victory this year, that he has personally witnessed the Quakers in two games while South scouts have been spectators in other contests. In 13 previous games between the rivals Salem has won only twice. Last year the result was a 6-6 draw.

Another Friday night attraction will be the annual grudge battle between Alliance and Sebring. It will be played at Mount Union stadium. Wellsville tackles Lisbon High on as the first after-dark contest indulged in by both teams. Alliance is the big favorite.

### Columbiana Seeks Title

The big contest scheduled for Columbiana county teams on Saturday is that involving Columbiana High's undefeated eleven in a duel with East Palestine's un-victorious combine. A victory for the Red and White will give it a strangle hold on the county Class B title. Columbiana should win handily with its

colorful fullback, Brumgard, playing the leading role again. The Tigers' home greensward Saturday afternoon. The Tigers should win. Leetonia is due for a pastime when Girard invades the Blue and White while Warren should break into the win column again in its battle with Massillon at Warren, Friday night.

## Football Schedules

### FRIDAY NIGHT

Youngstown South vs Salem, Sebring at Alliance, Massillon at Warren.

### SATURDAY

High School, Columbiana at East Palestine, Columbus Central vs Youngstown Chaney.

Campbell vs Youngstown Rayen, Hubbard at Boardman, Canfield at Lovellville, Struthers at Akron St. Vincent's, Lisbon at Wellsville, Girard at Leetonia.

### Big Ten

Michigan vs Indiana (ng), Chicago vs Arkansas (ng), Illinois vs Wisconsin (ng), Iowa vs Nebraska (12-7), Northwestern vs Minnesota (27-6), Ohio State vs Navy (27-0), Purdue vs Centenary (ng).

### Others

Boston Coll. vs Georgetown (19-20), Ohio Wesleyan vs Brown (ng), Bucknell vs Georgetown (ng), Pitt vs Carnegie Tech (6-7), Colgate vs Penn State (40-0), Columbia vs Virginia (ng), Cornell vs Alfred (ng), Dartmouth vs Harvard (7-2), Lafayette vs Rutgers (31-26), Marquette vs Wash-Jeff (ng), Miami vs Wittenberg (ng), New York U. vs Georgia (6-7), Oberlin vs Akron (0-7), Ohio U. vs DePaul (ng), Princeton vs Lehigh (9-13), Texas Christian vs Rice (20-0), St. Xavier vs Dayton (0-7), Southern Methodist vs Texas Aggies (13-7), Stanford vs Southern California (12-11), Temple vs Villanova (7-8), Tulane vs Auburn (21-0), Alabama vs Florida (20-0), Cincinnati vs Denison (13-6), Kansas vs Oklahoma (13-0), Maryland vs Vanderbilt (7-22), Notre Dame vs Penn (60-20), Army vs Louisiana State (ng), Yale vs St. John's (ng).

### Navy Works Hard

Annapolis, MD.—There will be no light practice drills for the Navy. Rip Miller is disappointed with the stars' showing this week and he indicated he saw no chance for improvement without plenty of hard work. Ohio State, Notre Dame, Southern Methodist, Pennsylvania and Army, major foes, are still on Navy's schedule.

### Made Hole in Nothing

WIMBLEDON, England.—H. H. Robertson, playing golf, did a hole in nothing when he holed his tee shot at the 14th, one of the holes at which his opponent conceded a stroke.

## Grid Coach Is Artist, Too

Glenn S. "Pop" Warner proves that coaching Leland Stanford University football teams is not his only claim to fame. Here he is at work on a painting of the Stanford Stadium, at Palo Alto, Calif. His works and those of other artist-coaches will be shown at the Stanford Art Gallery soon.

## Mastro To Oppose Champ For Title

CHICAGO, Nov. 3.—Christopher "Bat" Battalino, featherweight champion of the world, will defend his high position against Earl Mastro, the Chicago Italian challenger, tomorrow night in the Chicago stadium, and as his title will be at stake, Bat will enter the ring favored to win.

If the engagement were a non-title affair, Bat probably would not be the favorite, for his non-title bouts has almost become a habit with him.

### Poloists at Pinehurst

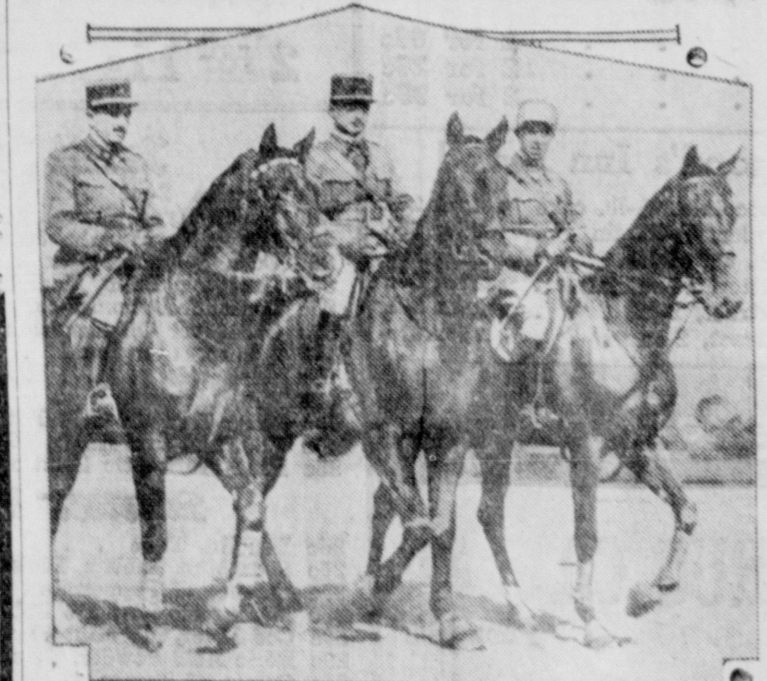

PINEHURST, N. C.—Army polo players from Fort Bragg will take an active part in the games of the Sandhills Club of Pinehurst, this season. Two of the outstanding stars of the last three seasons, Capt. William Greene and Capt. P. C. Fleming will appear frequently.

## HOOSIERS OPPOSE MICHIGAN ELEVEN

Chicago Expects to Take First Victory; Battles Arkansas Saturday

BY WILLIAM WEEKES, Associated Press Sports Writer

CHICAGO, Nov. 3.—There was a time, and not long ago, when Minnesota football teams were noted for huge man-power, but the Gophers will have to depend on something else against Northwestern Saturday.

The Wildcats have a bigger squad and bigger men than Minnesota, and all the fancy football Fritz Crisler and Tad Wieman have been able to teach the Gophers in less than two seasons, will be called into use in one big effort to wreck Northwestern's title drive. Battering at Northwestern's heavy veteran line has been proven useless, and the Gophers probably will take to the air as they did against Iowa two weeks ago.

### Russell Back In Lineup

Northwestern will be at the height of its power for the Gophers unless injuries occur during the week. Reb Russell, great fullback of the 1930 Wildcat, has recovered from an injury, as have Ken Meenan, sophomore halfback, and Harold Weldin, center. Coach Dick Hanley will have his backfield of six-footers—Potter, Rentner, Olsen and Meenan ready to start, with Russell, Sullivan, Moore, Lewis, Bernstein and Augustin in reserve.

### Named Polo Coach

CHESTER, Pa.—Lieutenant Frederic de L. Comfort, U. S. cavalry, has been named as coach of the Pennsylvania Military College polo team.

We shall be glad to number you among those whom we serve, and who in turn serve us through their good will and support.

The FARMERS NATIONAL BANK  
Salem, Ohio

The Wisconsin backs who do the best blocking in practice this week will work against Illinois at Champaign. The Illini are being drilled for speed in an effort to break their losing streak.

Both Michigan and Indiana which meet at Ann Arbor, will take it easy this week, not that they do not respect each other, but to dodge injuries. The Hoosiers are working on their passing game and expect to use it plenty against the Wolverines who will rely on the same stuff they have used all season.

### Willaman Resists Linemen

Iowa, which meets Nebraska at Lincoln Saturday, is seeking line reserves to throw in against the big husker forwards, while Noble Kizer is looking over his ends to find a replacement for Paul Calvert, who was badly injured in the Chicago game. The Bellmakers meet St. Mary college and will take the Louisiana eleven in stride, with Iowa and Indiana following on successive Saturdays. Ohio State's linemen took a battering in the Indiana game, and Coach Sam Willaman will work them lightly this week in preparation for the navy game.

Chicago, much encouraged over

its great stand against Purdue, expects to win its first victory since the opening Saturday of the season. At the expense of Arkansas this week, The Maroons have shown considerable improvement from week to week, and will be strengthened by the return of Pete Zimmer, who has recovered from injuries suffered two weeks ago against Indiana.

CHICAGO—From the depths of the Pacific Ocean, near the Hawaiian Islands, comes a pelican flounder to take its place in the Chicago Field Museum of Natural History. It is intended to show fishermen just how a fisherman carries his own dip-net, basket and refrigeration system. By depressing a tough membrane that constitutes the floor of his mouth, he scoops up his food and can retain it there until needed.

## Colorful Slip Covers

"Slip covers" arouses in some the memories of large, gloomy rooms swathed in striped awning material, where furniture repelled rather than invited. In fact, the idea in the gay nineties was the preservation of furniture against use during the summer months. Elegant chairs and tables, rich window hangings and pictures gladdened the eye in the winter season only. Summer meant open windows, dust, flies, and it was up to the scrupulous housekeeper to mummify all her treasures as protection against these destroyers.

But when cretonnes and gay chintzes took the place of the somber-striped covers, a change took place in the room as a whole. The staid drawing room or parlor of the winter suffered a pleasant change instead of a temporary burial. It became a summery liv-  
ing room with potted plants, a few bits of wicker and light, informal bits of decoration in harmony with flowery fabrics over furniture and at the windows.

So-called slip covers may be placed over many kinds of furniture and make a delightful transformation. Here's a wicker couch, perfectly good as to frame and springs, but rather dowdy in covering. A slip covering of gay new material will make a new piece of furniture out of it. Similarly with chairs. These deep, easy chairs that have grown into family affection like an old friend—even though worn, they are still comfortable. A slip cover will brighten them up and extend their usefulness a few years longer.

## Making Replacements

One of the great advantages of slip covers is that they can be the

basis of redecorating without extra-  
vaganza. Some of the gay mod-  
ernistic fabrics, the bright creton-  
nes or synthetic silks can be  
blended into a harmonious whole  
in slip cover, curtains, cushions,  
footstools, and make new rooms  
out of old ones.

Especially in children's room does  
the slip cover idea develop usefully.  
A well-planned room wherein the  
youngsters play happily will show  
considerable signs of wear and tear  
at the end of the year. It may not  
be necessary to replace sturdy ar-  
ticles of furniture. But couch and  
bed covers, cushions on chairs or  
on the window seat, window hang-  
ings, closet curtains, may need re-  
placing. The same or a blending  
material with the slip cover will in-  
teriorly decorate the nursery hand-  
somerely and at a modest outlay.

Many of these things can be  
sewed easily by the woman who is  
only moderately handy with her  
needle. And the government will  
help. For the Department of Agri-  
culture issues a booklet (No. 76)  
giving explicit direction for mak-  
ing slip covers at home, and for the  
small sum of five cents will send a  
copy to anyone.

## SYNOPSIS

Leaving Hawaii shortly after her father's death, young and beautiful Fanchon Meredith goes to San Francisco, where she meets and loves a handsome man named Tony. Fanchon is shocked to learn that Tony is a racketeer, implicated in a recent murder. She too is now wanted. Fanchon escapes in an airplane under the name of "Smith." Evelyn Howard, whom she had met on the boat coming from Hawaii, is aboard. Evelyn is enroute to New York to live with her aunt, the wealthy Mrs. Carstairs, whom she has never met. After Fanchon confides in Evelyn, the latter treats her coolly. The plane crashes and Fanchon is the only survivor. She decides to escape Tony and the past and start life anew by masquerading as Evelyn. She requests a doctor to wire Mrs. Carstairs that "Evelyn" is safe. A wire comes from Mrs. Carstairs saying that Collin cannot meet Fanchon. Fanchon learns Collin is Mrs. Carstairs' only son. Mrs. Carstairs meets Fanchon at train exclaiming "But you're not Evelyn, are you?" "You can't be," The girl's terror of being discovered passes when Mrs. Carstairs explains she couldn't believe anyone so beautiful could belong in the family. Her kindness and affection prick Fanchon's conscience.

## CHAPTER XI

When everything had been cleared away—Mrs. Carstairs talking of Southampton, of plans in the meantime, lightly and with calculated casualness, the doctor was announced. He came on his way to the theatre, in evening clothes. A tall, good-looking man, Wynne, by name. With Mrs. Carstairs watching, he went all over Fanchon, looked at her arm, rebanded it and pronounced her sound in limb, if bruised and wrenched. Only rest would cure that and nature, he said, and added that she had had a severe nervous shock. He left her a nerve tonic and some sleeping powders.

"But I won't need them!" Fanchon protested.

"They will relax you," he told her, smiling, "you are terribly keyed up."

Mrs. Carstairs went out to the hall with him, as he left.

"She's all right," he told her in answer to her anxious question. "I didn't of course ask for details. She's pretty badly shocked by the whole dreadful business. And very nervous. Give her lots of sunlight, rest, fresh air and keep off any subject that seems to affect her disagreeably or emotionally. See that she gets plenty of recreation too, and laughter. She'll need that to help her forget."

After a moment he asked, "And Collin?"

Mrs. Carstairs made a gesture of despair.

"Terribly stubborn," she admitted.

"Does she know?"

"Only what I wrote her. Which wasn't much. There are some things that you cannot possibly write," Mrs. Carstairs admitted.

She added, as the doctor stood there silent, frowning a little.

"I told her I would talk to her about it tonight."

"Not tonight," the physician advised, quickly, "wait until she is more rested. She is struggling for self control. I could see that. But she is really tremendously upset."

He left and Mrs. Carstairs returned to Fanchon.

"I must," said Fanchon, "send back the suitcase to the Lawsons. They are the people who took me in after—the accident. I borrowed the case from them and a hat and coat as well. I could have bought things in the town but there wasn't time and I couldn't get out to get them, she explained.

"Emma will attend to it for you," Mrs. Carstairs suggested, "you are not to worry. And you can send them a check for their kindness to you."

"A check?" asked Fanchon, astonished.

Mrs. Carstairs rose and went over to a rosewood desk. From the drawer she took a new bank book and gave it to Fanchon. Fanchon opened it. It assured her that in a certain New York bank a certain sum had been deposited to the order of Evelyn Howard.

"We can arrange for your signature later," Mrs. Carstairs told her. "It is your allowance."

Fanchon stared at the check book. Money! Under false pretenses! But she had money of her own. No, it was not hers. It was Tony's. She could not spend more of it, she must one day manage somehow to return it to him. Yet how could she, without revealing the web of deceit which she had set herself to weave? Yet this money which was offered her was not her own, either.

Nothing could make it so.

"It is your allowance," said Mrs.

Carstairs again, "and will be paid quarterly."

The deposit was twenty-five hundred dollars.

Fanchon flushed and paled again.

"But I can't—it is too much."

"Ten thousand dollars a year!" Mrs. Carstairs said gently.

"You will need pocket money. And clothes. I am going to give myself the great pleasure of outfitting you, first, from head to feet. And after that, you may use your allowance as you see fit."

She added,

"I have more money than I can possibly spend. Collin has his own income. His father's fortune was divided between us and has more than doubled. Collin has a seat on the Stock Exchange as well and is doing famously. I have always felt that... that I owed you something. You see, while the estate left by your grandparents was not large, it all came to me. Half of it should have been your mother's. I shall never forgive myself."

She said low, "and May never forgive me."

Fanchon said, low, desperately anxious to help by some word of comfort:

"I am sure she did."

Mrs. Carstairs eyes lighted.

"Do you believe that? You don't know how happy you have made me! But I will not let you talk any more!" She moved to the bedside table and took up the thermos jug which stood there, poured out a glass of water, shook one of the sleeping powders into it and gave it into Fanchon's hand. "Drink that. Doctor's orders!" she said smiling, "and if, in two hours you are not sleeping you may have another. If you wish anything in the night ring for Emma. She is sleeping next door to be near you. But I, and not she, will tuck you in now."

## TEETHING makes HIM FUSSY

One of the most important things you can do to make a teething baby comfortable is to see that little bowels do their work of carrying off waste matter promptly and regularly. For this nothing is better than Castoria, a pure vegetable preparation specially made for babies and children. Castoria acts so gently you can give it to young infants to relieve colic. Yet it is always effective, for older children, too. Remember, Castoria contains no harsh drugs, no narcotics—is absolutely harmless. When your baby is fretful with teething or a food upset, give a cleansing dose of Castoria. Be sure you get genuine Castoria with the name:

## WOMEN: watch your BOWELS

What should women do to keep their bowels moving freely? A doctor should know the answer. That is why pure Syrup Pepsin is so good for women. It just suits their delicate organism. It is the prescription of an old family doctor who has treated thousands of women patients, and who made a special study of bowel troubles.

It is fine for children, too. They love its taste. Let them have it every time their tongues are coated or their skin is sallow. Dr. Caldwell's Syrup Pepsin is made from fresh laxative herbs, pure pepsin and other harmless ingredients.

When you've a sick headache, can't eat, are bilious or sluggish; and at the times when you are most apt to be constipated, take a little of this famous prescription (all drug stores keep it ready in big bottles), and you'll know why Dr. Caldwell's Syrup Pepsin is the favorite laxative of over a million women!

## Hundreds of Ohio Citizens Are Employed in Our Stores

THE public-spirited men and women who serve you in Peoples Service Drug Stores (formerly Day Drug Stores) are not machines, they are vital human beings who try in every way to please you. They are partners in this enterprise and know that the progress of their firm and their personal success is dependent upon satisfied customers. Each forward step of our company marks the advancement of many individuals in our employ.

The annual payroll for our employees in the State of Ohio is in excess of \$300,000.00. This money is spent by them for their daily requirements, such as food, shelter, clothing, furniture, etc. The expenditure of this sizable amount of money contributes to the welfare of many individuals and promotes greater prosperity for the whole state. And another thing, the purchasing power of our employees is more today than it was a year ago... not a single salary has been cut.

## Rentals Paid to Individuals In the State of Ohio

PEOPLES SERVICE DRUG STORES (formerly Day Drug Stores) occupy 30 store buildings in the State of Ohio for which more than \$120,000.00 are paid annually in rentals to the owners. The owners in turn pay thousands of dollars in taxes to the city and state, which benefits every individual.

Peoples Service Drug Stores pay directly to the city and state thousands of dollars annually in taxes.

We bring these facts to your attention so that you may know just how we help to promote greater prosperity for everyone in the State of Ohio. An organization or individual profits only in direct proportion to the service rendered the community.

## Explanation of Change of Name . . . .

DAY Drug Stores of Ohio have changed their name to PEOPLES SERVICE DRUG STORES. But remember, we continue under the same management and you are assured of the same low money-saving prices and prompt efficient service you have been accustomed to in the past.

Merely a change in name to facilitate the operation of our stores. PEOPLES SERVICE DRUG STORES form a part of a nationally known organization operating 123 stores in 46 cities. Patrons of PEOPLES SERVICE DRUG STORES share directly in the savings made possible by greater buying power and mass distribution. You save at PEOPLES every day.
